MIDNIGHT FABRICATION LLC / UNION, SOUTH CAROLINA

Industrial Fabrication Capabilities

Build-to-print fabrication for manufacturers, contractors, and maintenance teams

Core Fabrication Services

- Equipment skids, frames, equipment bases, supports, and brackets
- Pipe fabrication, pipe assemblies, and skid piping
- Access platforms, stairs, railings, and equipment modifications
- One-off builds, repeat production, and CNC plasma-cut parts

Materials and Welding Processes

Carbon steel, stainless steel, and aluminum. MIG, TIG, and stick welding, plus laser welding for carbon steel and aluminum.

Shop and Field Capabilities

Shop fabrication in Union, SC, with mobile welding by project scope. We work from customer blueprints, fabrication drawings, and isometrics.

Selected Work

Access platform rebuild with existing handrails reused, fabricated equipment base, and shop-fabricated metal tank.

Send Drawings for a Quote

Include drawings and revision, quantity, material, finish, and target date. Specify fabrication only, delivery, or field work.
